relations of territories or groups of territories within the Western Hemisphere." The vote thus granted shall be on behalf of these territories and shall be contingent upon their making an equitable contribution to the budget of the Pan American Sanitary Organization. The privilege of voting on the Pan American Sanitary Organization budget thus granted may be exercised either by the representatives of such territories or by the representatives of the Member States of the World Health Organization referred to above.

3. 6. CONSTITUTION
OF THE WORLD HEALTH ORGANIZATION

The States Parties to this Constitution declare, in conformity with the Charter of the United Nations, that the following principles are basic to the happiness, harmonious relations and security of all peoples:

Health is a state of complete physical, mental and social well-being and not merely the absence of disease or infirmity.

The enjoyment of the highest attainable standard of health is one of the fundamental rights of every human being without distinction of race, religion, political belief, economic or social condition.

The health of all peoples is fundamental to the attainment of peace and security and is dependent upon the fullest co-operation of individuals and States.

The achievement of any State in the promotion and protection of health is of value to all.

Unequal development in different countries in the promotion of health and control of disease, especially communicable disease, is a common danger.

Healthy development of the child is of basic importance; the ability to live harmoniously in a changing total environment is essential to such development.

The extension to all peoples of the benefits of medical, psychological and related knowledge is essential to the fullest attainment of health.

Informed opinion and active co-operation on the part of the public are of the utmost importance in the improvement of the health of the people.

Governments have a responsibility for the health of their peoples which can be fulfilled only by the provision of adequate health and social measures.

Accepting these principles, and for the purpose of co-operation among themselves and with others to promote and protect the health of all peoples, the Contracting Parties agree to the present Constitution and hereby establish the World Health Organization as a specialized agency within the terms of Article 57 of the Charter of the United Nations.

WHEREAS:

The Charter of the Organization of American States stipulates that it is the duty of the Council of the Organization "to conclude agreements with the Inter-American Specialized Organizations to determine the relations that shall exist between the respective agency and the Organization," and sets forth the provisions that may be included in such agreements;

Resolution III of the Ninth International Conference of American States authorized the Council of the Organization of American States to make a complete survey of the status and activities of, and to take certain measures with reference to, Inter-American Organizations, as might be appropriate;

The resolution adopted by the Directing Council of the Pan American Sanitary Organization1 in 1947 authorized the Director of the Pan American Sanitary Bureau to study and plan, in agreement with the Director General of the Pan American Union, the necessary measures for the maintenance of close relations between the two organizations;

The Directing Council of the Pan American Sanitary Organization, at its Third Meeting held in Lima, October 1949, agreed in Resolution XI, paragraph 6, "to authorize the Executive Committee to give final approval on behalf of the Pan American Sanitary Organization to an Agreement with the Organization of American States"; and

The Executive Committee at its Tenth Meeting having approved a draft of the above-mentioned Agreement,

Rule 25

The Director of the Bureau shall be Secretary ex officio of the Conference and of all committees, subcommittees, and working parties established by it. He may delegate these functions.

PART V—COMMITTEES OF THE CONFERENCE

Rule 26

A Committee on Credentials consisting of three delegates of as many Governments shall be appointed by the Conference at the beginning of the first plenary session. This Committee shall examine the credentials of delegates and observers and report to the Conference thereon without delay.

Rule 27

The Conference shall establish a General Committee consisting of the President of the Conference, the two Vice-Presidents, the Rapporteur, the Chairmen of such main committees as shall be established, and one delegate of a Government elected by the Conference from among those Governments not already represented on the General Committee. The President of the Conference shall serve as Chairman of the General Committee.

Rule 28

The General Committee shall:

(a) Decide the time and place of all plenary sessions and of all sessions of committees;
(b) Determine the order of the day for each plenary session;
(c) Propose to the Conference the allocation to committees of items on the agenda;
(d) Coordinate the work of all committees;

(e) Fix the date of adjournment;

(f) Otherwise facilitate the orderly dispatch of the business of the meeting.

Rule 29

The Conference may establish such main committees or working parties as it considers necessary for the orderly dispatch of the business of the meeting. The Chairmen of main committees shall be elected by the Conference. Alternates and advisers may serve on such committees and working parties as may be established.

Rule 30

All delegations shall be entitled to be represented and to vote in main committees.

Rule 31

A main committee shall elect a Vice-Chairman and a Rapporteur who shall report to the plenary session the conclusions reached by the committee.

PART VI—PARTICIPATION OF REPRESENTATIVE OF THE EXECUTIVE COMMITTEE

Rule 32

The Executive Committee shall be represented at the Conference by such person serving on the Committee as the Committee may determine.

Rule 33

The Representative of the Executive Committee will attend plenary sessions and sessions of the main committees of the Conference. He may participate without vote in their deliberations.
PART VII—CONDUCT OF BUSINESS AT PLENARY SESSIONS

Rule 34

The Reports of all committees or working parties, before being submitted to a plenary session for final disposition, shall be referred to the General Committee for coordination. After being examined by the General Committee, such reports, including draft resolutions, shall be distributed, insofar as practicable, no later than the preceding session to the one in which they shall be considered.

Rule 35

The Conference may limit the time allotted to each speaker.

Rule 36

Any delegate may make a point of order during the discussion of any matter, and the point of order shall be resolved immediately by the President.

Rule 37

A delegate may move the closure of the debate at any time. This motion shall be submitted to a vote immediately, after one delegate has been given the opportunity to speak in favor of, and another against, the motion.

Rule 38

The President may at any time call for a vote to close the debate. If this motion is approved, the President shall declare the debate closed.

Rule 39

Amendments to resolutions, submitted in accordance with the provisions of Rule 34 and motions shall normally be introduced in writing and handed to the Secretary who shall circulate copies to the delegates. As a general rule, no proposal shall be discussed or put to the vote unless copies have been circulated to all delegates no later than the preceding session to the one in which they shall be considered by the Conference. Nevertheless, in special circumstances, the President may permit the discussion and consideration of such resolutions, amendments, or motions even though they have not
been circulated previously. Proposals shall be voted on in the order in which they are presented except when the Conference decides to the contrary. Parts of a proposal or an amendment shall be voted on separately if any delegate so requests.

Rule 40

When an amendment to a proposal is moved, the amendment shall be voted on first, and, if the amendment is adopted, the proposal as amended shall then be voted on.

Rule 41

If two or amendments to a proposal are moved, the amendment deemed by the President to be furthest removed in substance from the proposal shall be voted on first and then the amendment next removed therefrom, and so on until all the amendments have been put to a vote, unless the result of a vote on an amendment makes unnecessary any other voting on the amendment or amendments still outstanding.

Rule 42

A motion is considered an amendment to a proposal if it merely adds to, deletes from, or revises part of that proposal. A motion that constitutes a substitution for a proposal shall be considered as a separate proposal.

Rule 43

A motion may be withdrawn by its proposer at any time before voting on it has commenced, provided that the motion has not been amended or, if amended, that the proposer of the amendment agrees to the withdrawal. A motion thus withdrawn may be re-introduced by any delegate.

Rule 44

When a proposal has been adopted or rejected, it may not be reconsidered at the same meeting unless the Conference, by a vote of two thirds of the delegations present and voting, so decides. Permission to speak on a motion to reconsider shall be accorded only to two speakers opposing the motion, after which it shall be immediately put to the vote.
PART VIII—VOTING IN PLENARY SESSIONS

Rule 45

For the purpose of these Rules, "Governments present and voting" means Governments casting a valid affirmative or negative vote; or in an election, a valid vote for a person or a Government eligible in accordance with the Constitution or these Rules of Procedure. For the purpose of these Rules, "majority" means any number of votes greater than half the votes cast by the Governments present and voting or, in the case of the election of the Director, any number of votes greater than half the number of the Governments of the Organization. Governments abstaining from voting or who cast blank ballots or invalid votes are considered as not voting. In computing a majority, any fraction shall be counted as a whole number.

Rule 46

A motion shall be considered adopted when it has received the affirmative vote of the majority of the Governments present and voting, except when the Constitution or these Rules of Procedure otherwise provide. If the votes are equally divided on a matter other than an election the motion will be regarded as not adopted.

Rule 47

The Conference shall normally vote by show of hands except that any delegation may request a roll-call vote, which shall then be taken in the alphabetical order of the delegations as expressed in the language of the country where the meeting is held. The delegation to vote first shall be determined by lot.

Rule 48

The vote of each delegation participating in any roll call shall be inserted in the record of the session.

Rule 49

In addition to the cases expressly provided for elsewhere in these Rules, the Conference may vote on any matter, except budgetary matters, by a secret ballot if it has been previously so decided by a majority of the delegations present and voting.
Rule 50

Elections shall normally be held by secret ballot. Except as concerns the election of members of the Executive Committee and of the Director of the Bureau, when the number of candidates for elective office does not exceed the number of offices to be filled, no ballot shall be required and such candidates shall be declared elected.

Where ballots are required, two tellers shall be appointed by the President from among the delegations present.

Rule 51

Except as concerns the election of the Director of the Bureau, when only one elective place is to be filled and no candidate obtains in the first ballot the majority required, a second ballot shall be taken which shall be restricted to the two candidates obtaining the largest number of votes. If in the second ballot the votes are equally divided, the President shall draw lots to decide between the candidates.

Rule 52

When two or more elective places are to be filled at one time under the same circumstances, those candidates obtaining in the first ballot the majority required shall be elected. If the number of candidates obtaining such majority is less than the number of elective places to be filled, ballots shall then be taken separately for each of the remaining places in accordance with Rule 51. If the number of candidates obtaining such majority is greater than the number of elective places to be filled, those candidates obtaining the largest number of votes shall be deemed to have been elected.

Rule 53

In an election each Government, unless it abstains, shall vote for that number of candidates equal to or less than the number of elective places to be filled. Any ballot paper on which there are more names than there are elective places to be filled, or on which the name of any candidate appears more than once, or which is illegible or signed or which reveals the identity of the voter, shall be considered null and void.
PART IX—CONDUCT OF BUSINESS AND VOTING IN COMMITTEES AND WORKING PARTIES

Rule 54

The procedure governing the conduct of business and voting by committees and working parties shall conform as far as practicable to the Rules relative to the conduct of business and voting in plenary sessions.

PART X—ELECTION OF THE EXECUTIVE COMMITTEE

Rule 55

The Conference shall elect the Member Governments to serve on the Executive Committee by secret ballot, in conformity with Article 15, paragraph A, of the Constitution.

Rule 56

The term of office of Member Governments elected to the Executive Committee shall begin immediately after their election and they shall hold office until their successors are elected.

PART XI—ELECTION OF THE DIRECTOR OF THE BUREAU

Rule 57

The Conference shall elect the Director of the Bureau by secret ballot in plenary session, in conformity with Article 21, paragraph A, of the Constitution.

Before voting is begun, delegations that wish to do so may nominate any person they deem suitable for the post, but no official list of candidates shall be drawn up, no eligibility requirements shall be established, and votes may be cast for a person whether nominated or not.

If in the first two ballots no person receives the majority required, two further ballots restricted to the two candidates receiving the largest number of votes in the second of the unrestricted ballots shall then be taken. If no candidate receives the majority required, two unrestricted and two restricted ballots shall be taken alternately until a candidate is elected.
RULES OF PROCEDURE OF THE CONFERENCE

Rule 58

Acting as Regional Committee of the World Health Organization, and in conformity with Articles 49 and 52 of the Constitution of the World Health Organization, the Conference shall submit to the Executive Board of the World Health Organization the name of the person so elected, for appointment as Regional Director.

PART XII—OFFICIAL LANGUAGES

Rule 59

The official languages of the Conference shall be English, French, Portuguese, and Spanish.

PART XIII—FINAL REPORT AND RECORDS

Rule 60

The Final Report shall contain the text of all resolutions and other decisions adopted by the Conference. The Rapporteur, with the assistance of the Secretariat, shall prepare the draft of the Final Report.

Rule 61

The President of the Conference and the Secretary ex officio shall sign the Final Report.

Rule 62

The signed original of the Final Report shall be deposited in the archives of the Bureau and be available for examination upon request.

Rule 63

Provisional verbatim records of the plenary sessions and summary records of the committee sessions shall be prepared at the meeting and distributed as soon as possible.
Rule 64

As soon as possible after the closing of the Conference the records of the sessions, the Final Report, and other Conference documents shall be reproduced, and the Director of the Bureau shall transmit copies thereof to the Governments as well as to the organizations represented at the Conference.

PART XIV—AMENDMENT OF THE RULES OF PROCEDURE

Rule 65

These Rules of Procedure may be amended on 24-hour notice by the affirmative vote of a majority of the delegations present and voting or at any time by the affirmative vote of two thirds of the delegations present and voting.

Rule 66

All matters not provided for in these Rules of Procedure may be resolved directly by the Conference.

PART VIII—VOTING IN PLENARY SESSIONS

Rule 43

For the purpose of these Rules, "Governments present and voting" means Governments casting a valid affirmative or negative vote; or in an election, a valid vote for a person or a Government eligible in accordance with the Constitution or these Rules of Procedure. Governments abstaining from voting or who cast blank ballots or invalid votes are considered as not voting. In computing a majority, any fraction shall be counted as a whole number.

Rule 44

Motions shall be considered adopted when they have received the affirmative vote of a majority of the Governments present and voting, except when the Constitution or these Rules of Procedure provide otherwise. If the votes are equally divided on a matter other than an election, the motion shall be regarded as rejected.

Rule 45

The Council shall normally vote by show of hands except that any representative may request a roll-call vote, which shall then be taken in the alphabetical order of the Governments as expressed in the language of the country where the meeting is held. The Government to vote first shall be determined by lot.

Rule 46

The vote of each Government participating in any roll call shall be inserted in the record of the session.
Rule 47

In addition to the cases expressly provided for elsewhere in these Rules, the Council may vote on any matter by secret ballot if it has previously been so decided by a majority of the Governments present and voting.

Rule 48

Elections shall normally be held by secret ballot. Except as concerns the election of members of the Executive Committee and of a Director ad interim of the Bureau, when the number of candidates for elective office does not exceed the number of offices to be filled, no ballot shall be required and such candidates shall be declared elected.

Where ballots are required, two tellers shall be appointed by the President from among the representatives.

Rule 49

Except as concerns the election of the Director ad interim of the Bureau, when only one elective place is to be filled and no candidate obtains in the first ballot the majority required, a second ballot shall be taken which shall be restricted to the two candidates obtaining the largest number of votes. If in the second ballot the votes are equally divided, the President shall draw lots to decide between the candidates.

Rule 50

When two or more elective places are to be filled at one time under the same conditions, those candidates obtaining in the first ballot the majority required shall be elected. If the number of candidates obtaining such majority is less than the number of elective places to be filled, ballots shall then be taken separately for each of the remaining places in accordance with Rule 49. If the number of candidates obtaining such a majority is more than the number of elective places to be filled, those candidates obtaining the largest number of votes shall be regarded as elected.

Rule 51

The Council shall elect a Director ad interim of the Bureau, when required, in conformity with Article 21, paragraph A, of the Constitution.

If in the first two ballots no person receives the majority required, two further ballots restricted to the two candidates receiving the largest number
of votes in the second of the unrestricted ballots shall then be taken. If no candidate receives the majority required, two unrestricted and two restricted ballots shall be taken alternately until a candidate is elected.

Rule 52

In an election, each Government, unless it abstains, shall vote for that number of candidates equal to or less than the number of elective places to be filled. Any ballot paper on which there are more names than there are elective places to be filled, or on which the name of any candidate appears more than once, or which is illegible or signed or which reveals the identity of the voter, shall be considered null and void.

Rule 14

The Executive Committee shall be represented at meetings of the Directing Council or of the Conference by its Chairman and by as many as two others appointed by the Committee from among its members. Rule 20

If two or more amendments to a proposal are moved, the amendment deemed by the Chairman to be furthest removed in substance from the proposal shall be voted on first and then the amendment next removed therefrom, and so on until all the amendments have been put to a vote, unless the result of a vote on an amendment makes unnecessary any other voting on the amendment or amendments still outstanding.

Rule 21

A motion is considered an amendment to a proposal if it merely adds to, deletes from, or revises part of that proposal. A motion that constitutes a substitution for a proposal shall be considered as a separate proposal.
Rule 22

affording the Directorate an opportunity of explanation to the Auditor(s) of the matter under observation. Audit objections to any item in the accounts shall be immediately communicated to the Chief of Administration.

12.6 The Auditor(s) shall have no power to disallow items in the accounts but shall draw to the attention of the Director for appropriate action any transaction concerning which he/they entertain(s) doubt as to legality or propriety. Audit objections, to these or any other transactions, arising during the examination of the accounts shall be immediately communicated to the Director.

12.7 The Auditor(s) shall prepare a report on the accounts certified, in which he/they should mention the extent and character of his/their examination or any important changes therein, matters affecting the completeness or accuracy of the accounts or other matters which should be brought to the notice of the Directing Council, such as:

(a) Cases of fraud or presumptive fraud;
(b) Wasteful or improper expenditure of money or other assets of the Organization (notwithstanding that the accounting for the transactions may be correct);
(c) Expenditure likely to commit the Organization to further outlay on a large scale;
(d) Any defect in the general system or detailed regulations governing the control of receipts and expenditure, or of supplies and equipment;
(e) Expenditure not in accordance with the intention of the Directing Council, after making allowance for duly authorized transfers within the budget;
(f) Expenditure in excess of appropriations as amended by duly authorized transfers within the budget;
(g) Expenditure not in conformity with the authority which governs it;
(h) The accuracy or otherwise of the supplies and equipment records as determined by stock-taking and examination of the records;
(i) Transactions accounted for in a previous year concerning which further information has been obtained or transactions in a later year concerning which it seems desirable that the Directing Council should have early knowledge.

12.8 The External Auditor(s) shall be completely independent and solely responsible for the conduct of the audit. However, the Directing Council may request the Auditor(s) to perform certain specific examinations and issue separate reports on the results. The Director shall provide
the External Auditor(s) with the facilities he/they may require in the performance of the audit. For the purpose of making a local or special examination or for effecting economies of audit cost, the Auditor(s) may engage the services of any person or firm who, in the opinion of the Auditor(s), is technically qualified.

12.9 The Auditor(s) shall issue a report on the audit of the final accounts prepared by the Director pursuant to Financial Regulation 11.1 and relevant schedules. The report shall include such information as he/they deem(s) necessary in regard to Financial Regulation 12.5. The report of the Auditor(s) should include:

(a) The type and scope of his/their examination;
(b) Matters affecting the completeness or accuracy of the accounts, including where appropriate:
   (i) Information necessary to the correct interpretation of the accounts;
   (ii) Any amounts which ought to have been received but which have not been brought to account;
   (iii) Any amounts for which a legal or contingent obligation exists and which have not been recorded or reflected in the financial statements;
   (iv) Expenditures not properly substantiated;
   (v) Whether proper books of accounts have been kept. Where in the presentation of statements there are deviations of material nature from the generally accepted accounting principles applied on a consistent basis, these should be disclosed.

(c) The Auditor(s) shall express and sign an opinion in the following terms:
   “I/We have examined the following appended financial statements, numbered . . . to . . . properly identified, and relevant schedules of the Pan American Health Organization for the financial period ended 31 December . . . . My/Our examination included a general review of the accounting procedures and such tests of the accounting records and other supporting evidence as I/we considered necessary in the circumstances. As a result of my/our examination I/we am/are of the opinion that the financial statements properly reflect the recorded financial transactions for the financial period, which transactions were in accordance with the Financial Regulations and legislative authority and present fairly the financial position as at 31 December . . .” adding, should it be necessary, “subject to the observations in my/our foregoing report.”
(d) The report(s) of the Auditor(s) shall be transmitted through the Executive Committee, together with the audited final accounts, to the Directing Council not later than 15 April following the end of the financial period to which the final accounts relate. The Executive Committee shall examine the interim financial report and final financial report and the audit report(s) and shall forward them to the Directing Council with such comments as it deems necessary.

**Article XIII—Resolutions Involving Expenditures**

13.1 The Pan American Sanitary Conference, the Directing Council, and the Executive Committee shall not make decisions involving expenditures unless they have received a report from the Director on the administrative and financial implications of the proposal.

13.2 Where, in the opinion of the Director, the proposed expenditure cannot be made from the existing appropriations it shall not be incurred until the Pan American Sanitary Conference or the Directing Council has made the necessary appropriations, unless such expenditure can be made under the conditions of the resolution of the Directing Council relating to the Emergency Procurement Revolving Fund.

**Article XIV—Delegation of Authority**

14.1 The Director may delegate to other officers of the Organization such authority as he considers necessary for the effective implementation of these Regulations.

**Article XV—General Provisions**

15.1 These Regulations shall be effective as of the date of their approval by the Directing Council and may be amended only by the Directing Council or the Pan American Sanitary Conference.

15.2 In case of doubt as to the interpretation and application of any of the foregoing Regulations, the Director is authorized to rule thereon.

**Article XVI—Special Provisions**

16.1 The Director shall report annually to the Directing Council or the Pan American Sanitary Conference such Financial Rules and amendments thereto as he may make to implement these Regulations after confirmation by the Executive Committee.
13. FINANCIAL RULES OF THE PAN AMERICAN HEALTH ORGANIZATION

Article I—Authority and Applicability

101.1 These Rules are established in accordance with the provisions of Financial Regulation 10.1(a) of the Pan American Health Organization.

101.2 The Financial Rules are applicable to all offices and, irrespective of the source of funds, to all financial transactions of the Organization.

101.3 The Financial Rules become effective as from 1 June 1961 and supersede all rules in force before that date. All subsequent modifications shall become effective as from date of issue by the Director subject to confirmation by the Executive Committee.

101.4 In case of doubt as to the meaning of any of the Financial Rules, the Director will rule thereon.

101.5 The Director is responsible for the implementation of the Financial Rules.

101.6 The Director may delegate, together with authorization for redelegation, such of his powers as he deems necessary to secure effective administration of these Rules.

Article II—Budget

102.1 Appropriate officials shall submit biennial programs of work and necessary estimates to the Chief of Administration in such manner and at such times as may be requested.

102.2 The Chief of Administration will consolidate into a single presentation the programs of work and necessary estimates as required by Financial Regulation 3.3.

Article III—Appropriations

103.1 The appropriations voted by the Conference or the Directing Council constitute an authority to incur obligations and make payments for the purposes for which the appropriations were voted and up to the amounts so voted, but no obligations may be incurred or payments made until allotments have been issued in writing by the Director.

\(1\) Text approved by the Executive Committee at its 43rd Meeting, Resolution XV (1961) and modified pursuant to Resolution V of its 56th Meeting (1967), Resolution XVIII of its 82nd Meeting (1979), and Resolution XVII of its 90th Meeting (1983).
103.2 Appropriations shall remain available to the extent that they are required to discharge obligations in respect of goods supplied and services rendered in the financial period, and to liquidate any other outstanding legal obligations of the financial period. The Director is authorized to charge as an obligation against the appropriations for the financial period:

(a) the costs, including transportation, of operational supplies and equipment for which contracts have been entered into prior to the last day of the financial period;

(b) the costs of publications for which complete manuscripts shall have been delivered to and received by the printer prior to the last day of the financial period;

(c) the entire costs relating to short-term consultants whose period of assignment may not have been completed by the end of the financial period;

(d) the full estimated cost of a fellowship.

The unobligated balances of appropriations will revert to Miscellaneous Income.

103.3 Appropriations shall remain available for twelve months following the end of the financial period to which they relate, to liquidate the obligations established under Rule 103.2. At the end of the twelve month period specified in Financial Regulation 4.3, all unliquidated obligations, excepting those listed under Rule 103.2 (a), (b), (c) and (d) shall be cancelled or, where the obligation remains a valid charge, transferred as an obligation against current appropriations. Obligations established under Rule 103.2 (a), (b), (c) and (d) shall remain available for expenditure until fully liquidated. The remaining balances of appropriations surrendered at these times shall be credited to Miscellaneous Income.

103.4 Any excess income over expenditures at the end of a financial period shall be used for the following purposes: (1) to replenish any drawings from the Working Capital Fund in order to restore the Fund to its fixed level, and (2) after replenishing the Working Capital Fund to its fixed level, to place any further surplus in a Holding Account until such time as the Directing Council or the Pan American Sanitary Conference decides on how to utilize the funds. Any deficit arising from excess of obligations over income will be met by an advance from the Working Capital Fund.

103.5 The assessments on Members, required to meet the appropriations voted by the Conference or the Directing Council, will be made in accordance with Article 60 of the Pan American Sanitary Code.
Article IV—Allotments

104.1 Requests for allotments for specific purposes will be submitted in writing to the Director.

104.2 Allotments will be issued in writing by the Director.

104.3 Allotments will be issued for any expenditure to be incurred by the Organization irrespective of the source of funds.

104.4 The Chief of Administration will ensure that allotments are issued in accordance with the appropriation resolution and the policies of the Conference, the Directing Council and the Executive Committee.

104.5 Officials to whom allotments are issued are responsible to the Director for the correct use of such allotments.

Article V—Obligations

105.1 Only the official designated in the allotment as allotment holder is authorized to incur obligations against the allotment.

105.2 Obligations may be incurred only for the purpose indicated on the allotment and may not exceed the amount of the allotment.

105.3 No obligation shall be incurred without prior certification by the Chief of Administration that funds are available in the appropriate allotment to be charged.

105.4 Proposals to incur obligations must be made in writing and be fully documented. They must specify the purpose of the proposed expenditure and the allotment to be charged.

105.5 The Chief of Administration will be responsible for examining the proposed obligations to ensure that:
(a) funds are available;
(b) the rules and regulations and procedures of the Organization are being observed;
(c) the financial situation of the Organization will not be prejudiced;
(d) the purpose of the proposed expenditure is in the interests of the work of the Organization.

105.6 The Chief of Administration will reject any proposal for obligation or expenditure not complying with the provisions of paragraph 105.5.

105.7 Revisions to an obligation shall require the same treatment as the original obligation.
Article VI—Control of Expenditure

106.1 Except where normal commercial practice so requires, no contract or purchase order shall be made on behalf of the Organization which requires payments in advance of the delivery of goods or performance of services.

106.2 The Director may, when he deems it in the interests of the Organization to do so, authorize progress payments.

106.3 Payments will not be made unless supporting documents are certified by the appropriate officials confirming that:

(a) services have been rendered or delivery has been completed in accordance with the terms of the contract;

(b) the amount is correct and in accordance with the terms of the contract.

106.4 Should the Chief of Administration feel there is any reason why payment of any claim should be withheld, such claims will be referred to the Director.

106.5 Claims submitted by staff members which are more than one year old will not normally be considered. This provision does not apply to claims for reimbursement of income tax or matters in connection with settlement of insurance or pension claims.

Article VII—Imprest Cash

107.1 Imprest cash advances of an amount to be fixed in each case will be made where necessary to officials designated by the Director.

107.2 Officials to whom an imprest cash advance is issued are responsible for the advance and must at all times be in a position to account for it.

Article VIII—Advances

108.1 Travel advances may be made upon request to officials to whom official travel authorizations have been issued. Such advances are to be used in accordance with the provisions of the travel rules and must be accounted for when the travel is completed.

108.2 Salary advances may be given to staff members in accordance with the provisions of the Staff Rules.

108.3 Advances other than those authorized in Rule 108.2 above may be made to staff members in exceptional circumstances, subject to the approval of the Director.
Article IX—Management of Funds

109.1 The Chief of Administration is responsible for the management, receipt, and disbursement of all funds of the Organization.

109.2 Funds of the Organization will be deposited only in banks or institutions designated by the Director.

109.3 The Chief of Administration will manage all banking accounts operated by the Organization, including those opened for trust and other special purposes, maintaining a proper cash account in which all receipts and payments shall be recorded in chronological order. A separate cash account shall be kept for each bank account, as well as for sums deposited with other institutions.

109.4 Panels of signatories shall be designated by the Director and all checks drawn on the Organization’s accounts will be signed by two officials of the appropriate panels; provided that the Director may, where he deems that adequate safeguards of the funds of the Organization are provided, or in exceptional circumstances, authorize the signature of checks by one official only.

109.5 No interest will be payable on sums deposited with or retained by the Organization. Should any interest accrue on investments made on behalf of a third party, the amount of such interest will be paid only if so requested in advance and upon such conditions as may be agreed with the Director.

109.6 All securities shall be deposited either in the custody of duly appointed bankers or in safe deposit vaults maintained by a recognized financial institution designated by the Director.

Article X—the Accounts

110.1 The Chief of Administration is responsible for establishing and maintaining all official accounts of the Organization.

110.2 Obligations will be recorded in the accounts of the financial period for which they are incurred.

110.3 Receipts will be recorded in the accounts of the financial period in which they are received.

110.4 Expenditures will be recorded in the accounts of the financial period in which they are made.

110.5 The accounts will comprise the General Accounts, Budget Accounts, and Treasury Accounts from which the periodic financial statements will be prepared.
110.6 All accounts shall be supported by documentation to be retained as
integral parts of the official accounts of the Organization.

110.7 The accounting and other financial records and all supporting docu-
ments shall be retained for such period or periods as may be agreed
by the External Auditor, after which, on the authority of the Director,
such records and documents may be destroyed.

Article XI—General Accounts

111.1 The General Accounts will record classified income, and expendi-
ture, cash in banks and on hand, investments, receivables and other
assets, payables and other liabilities, the Working Capital Fund, and
such other trust funds or special accounts as may be established.

Article XII—Budget Accounts

112.1 The Budget Accounts will show:

(a) Original appropriations voted by the Conference or the Directing
Council;
(b) Appropriations after modification by any transfers;
(c) Credits, if any, other than appropriations made available by the
Conference or the Directing Council;
(d) Allotments made;
(e) Obligations incurred, liquidated and outstanding;
(f) Expenditures;
(g) Unobligated balances of allotments.

112.2 Obligations and expenditures will be recorded in the accounts in
accordance with a uniform system of classification established by the
Director.

Article XIII—Treasury Accounts

113.1 Treasury Accounts will comprise:

(a) Cash accounts, showing all receipts and disbursements of the
Organization;
(b) Trust and other special cash accounts, the management of which
is subject to special treatment;
(c) Members’ contribution records showing the amounts assessed,
received, and uncollected;
(d) Investments ledger giving full details of each investment made by
the Organization.
Article XIV—Financial Statements

114.1 The Chief of Administration will furnish:
(a) Period statements of cash on hand;
(b) Periodic statements of budgetary status showing:
   (i) Allotments made;
   (ii) Obligations incurred and liquidated;
   (iii) Expenditures;
   (iv) Unobligated balances.
(c) Periodic special statements showing:
   (i) Outstanding contributions;
   (ii) Status of the Emergency Procurement Revolving Fund;
   (iii) The operations and financial position of the Working Capital Fund;
   (iv) The position of other special funds.
(d) As early as possible in each year of a financial period, an interim or final balance sheet as of the last day of each year of a financial period. In addition to this balance sheet, there shall be prepared:
   (i) Summarized statement of income and expense;
   (ii) Budget statement showing appropriations voted and expenditure made;
   (iii) Statement of obligations as of the last day of the financial period for which reserves will be established in accordance with Rule 103.2;

Article XV—Property

115.1 The cost of all property acquired other than real property will be immediately charged as an expense.
115.2 Property records containing full details will be maintained of all real property and nonexpendable supplies and equipment, however acquired and from whatever source, with an acquisition cost over and above levels set by the Director.

115.3 An annual physical inventory will be taken of all assets, supplies, and materials on hand.

115.4 The Director may declare property to be surplus if it is of no further use to the Organization.

115.5 Surplus property shall be sold for the best possible return to the Organization except:
(a) When the exchange of surplus property in partial payment for new articles will afford an advantage to the Organization over the sale of surplus property and separate purchase of new articles;
(b) When the destruction of the surplus or unserviceable material will be more economical, is required by law, or when the confidential nature of the material so warrants;
(c) When the best interests of the Organization will be served by disposal by gift or at nominal prices to a non-profit organization.

115.6 The proceeds from the sale of surplus property shall be credited to Miscellaneous Income, except that in case an article is being replaced, the trade-in allowance or the proceeds from the sale of the replaced article will serve to reduce the charge to expense incurred under Rule 115.1

115.7 Goods and services may be provided to Governments, specialized agencies, and other organizations on a reimbursable or reciprocal basis on such terms and conditions as may be prescribed by the Director.

Article XVI—Procurement

116.1 Contracts for the purchase of services, supplies, equipment, or other requirements shall be entered into for and on behalf of the Organization only by duly authorized officials.

116.2 The Director shall establish suitable procedures which will ensure full and free competition in obtaining and processing bids from suppliers.

116.3 All purchases and contracts over the amount set by the Director shall be made on the basis of competitive bids, except when otherwise authorized by the Director.
116.4 Contracts are normally awarded to the lowest bidder. The Director may, however, if he considers it to be in the interests of the Organization, authorize the acceptance of a bid other than the lowest, or the rejection of all bids.

Article XVII—Internal Control

117.1 The Chief of Administration is responsible for establishing and maintaining an adequate internal control of the financial transactions and such other operations of the Organization as may be determined by the Director.

118.3 The term “extraordinary expenses” means expenses for items or objects outside the scope of the budget estimates, that is to say, outside the program on which the estimates were based.

118.4 The Chief of Administration shall be responsible for the preparation of information on the status of all commitments under the resolutions relating to unforeseen and extraordinary expenses to be submitted to the Executive Committee, and shall prepare the supplementary estimates required in connection therewith for submission to the Conference or the Directing Council.
