PRELIMINARY ACTION

A Preliminary Plenary Session was held at 9:30 A.M. on April 17th, in the Conference Room of the Council of the Organization of American States. The following temporary officers, elected at the Ninth Meeting of the Executive Committee, acted at the session:

Chairman: Dr. Alberto Zwanck, Argentina
Vice Chairman: Dr. Juan Allwood Paredes, El Salvador
Secretary: Dr. Miguel E. Bustamante, Secretary General of the Pan American Sanitary Bureau (Article 4 of the Rules of Procedure and of Debate)

HOMAGE TO THE LIBERATOR, GENERAL JOSÉ SAN MARTÍN

The Chairman opened the Tenth Meeting of the Executive Committee, and then gave the floor to the Representative from Venezuela, Dr. Carlos Luis González, who, on behalf of the Pan American Sanitary Organization and through the Executive Committee, rendered a warm tribute to the memory of the Liberator, General José San Martín, in commemoration of the “Year of the Liberator.” It was agreed to send a special message to the Minister of Public Health of the Argentine Republic, informing him of this tribute.

REPORT OF THE CHAIRMAN OF THE EXECUTIVE COMMITTEE

The Chairman submitted to the Executive Committee the Annual Report which, pursuant to Chapter III, Article 8, Paragraph (c) of the Constitution of the Pan American Sanitary Organization, is to be reviewed by the Directing Council at its Fourth Meeting. On a motion of the Representative from Uruguay, the report was approved unanimously.

RULES OF PROCEDURE AND OF DEBATE

The Rules of Procedure and of Debate of the Executive Committee (Doc. OSP/10 CE.W-5) were submitted for discussion. On a motion of
the Representative of the United States, seconded by the Representative of Venezuela, said Rules were modified, particularly with reference to the appointment of Working Subcommittees, and the procedure which appears in Annex I of the present Final Report was finally adopted by unanimous vote.

**ELECTION OF OFFICERS**

The election of officers was the next order of business. Dr. Alberto Zwanck, of Argentina, Acting Chairman, was unanimously elected Chairman, on a motion of the Representative from El Salvador; and Dr. Juan Allwood Paredes of El Salvador was unanimously elected Vice Chairman of the Committee, on a motion of the Representative from Venezuela.

**REPORT OF THE DIRECTOR**

The Director of the Pan American Sanitary Bureau, Dr. Fred L Soper, presented his Report (Doc. OSP/10 CE.W-7) covering the period from October 1st 1949 to March 31st, 1950.

In his oral statement he merely selected a few points for special comment. Instead of attempting to give a summarized report of developments since the last meeting of the Executive Committee he presented the monthly reports of the combined activities of the Pan American Sanitary Bureau and the Regional Office of the World Health Organization for the Americas, for the period under consideration. He also presented for consideration of the Executive Committee the Final Report of Price, Waterhouse and Co., on its audit of the 1948 accounts, and the Annual Financial Report for 1949 of the Pan American Sanitary Bureau.

The Director reported that he attended a Meeting of the Expert Panel on Yellow Fever in Geneva in December, where certain recommendations were made to and accepted by the Expert Committee on Quarantine regarding certain communicable diseases which are of special interest to the Americas.

During December 1949, the Director also visited Paris, the Hague and London to discuss with representatives of the Health Services and of the Foreign Offices the amounts to be contributed by the metropolitan countries to the Pan American Sanitary Bureau on behalf of non-self governing territories in the Western Hemisphere.

The Director reported that the negotiations with the Organization of American States had progressed satisfactorily and that a final Draft Agreement would be submitted for ratification to the Executive Committee.

With regard to budgetary matters, the Director observed that because of differences in procedures and in fiscal years, it is impossible for all countries to clear their payments with international organizations at the same time. He, therefore, suggested that in the future better results be gotten in the international health field if some method were devised
of establishing with greater anticipation the amounts of money which will be available for expenditures for any given year.

The Director reported at length on the progress of the program for eradication of *Aedes aegypti* and other programs which are being undertaken by the Bureau.

The Director reported on the Session of the Inter-American Economic and Social Council which was held recently in Washington and during which the development and coordination of projects of technical assistance was discussed. The Director expressed his view that progress could most effectively be obtained through long term permanent programs rather than through temporary programs based on funds made available under pressure of immediate political situations.

**AGENDA**

The Provisional Agenda for the Tenth Meeting, prepared by the Pan American Sanitary Bureau, was approved by the Executive Committee, after inclusion of the topics suggested by the Governments of the Republics of Argentina and Peru, regarding, respectively, (1) Certificates of Vaccination against Yellow Fever, and (2) the Standardization of the Structure and of the Organizational Methods in the National Health Administrations of the Americas; the final Agenda appears as in Document OSP/10 CE.W-2 (Rev. 1).

**WORKING SUB-COMMITTEES**

Due to the modification introduced in the Rules of Procedure and of Debate regarding the formation of Working Sub-Committees, all of the topics on the Agenda were submitted to the entire Executive Committee for consideration. Three Drafting Sub-Committees were appointed to prepare the corresponding resolutions: one to deal with the Topic "Program and Budget for 1951"; another to prepare a resolution with respect to the creation of a Budget Financing Fund for the Bureau; and, the third, to handle the remaining topics on the Agenda. These Sub-Committees were made up as follows:

*Drafting Sub-Committee*

*(Program and Budget for 1951)*

Dr. Juan Allwood Paredes, El Salvador
Dr. Jorge Estrella Ruiz, Peru

*Drafting Sub-Committee*

*(Budget Financing Fund)*

Dr. Alberto Zwanck, Argentina
Dr. H. Van Zile Hyde, United States

*Drafting Sub-Committee*

*(Other Topics on the Agenda)*

Dr. Luis F. Galich, Guatemala
Dr. Ricardo Cappeletti, Uruguay
Dr. Carlos Luis González, Venezuela

In addition to the Preliminary Plenary Session, thirteen Plenary Ses-
sions and four Drafting Sub-Committee sessions were held. The Final Plenary Session was held on April 28, 1950.

RESOLUTIONS APPROVED BY THE EXECUTIVE COMMITTEE

The following resolutions formulated by the Drafting Sub-Committee on the basis of conclusions reached during the plenary sessions of the Executive Committee, were approved at the Final Plenary Session:

I. PROGRAM AND BUDGET FOR 1951

PAN AMERICAN SANITARY BUREAU

WHEREAS:

The Proposed Program and Budget for 1951, presented by the Director of the Bureau for the consideration of the Executive Committee amounted to a net sum of $2,273,617.00, and contained a clear and complete exposition of the needs and definition of the corresponding parts; and

As a result of the detailed study which was made during the plenary sessions of the Executive Committee and of the discussions and deliberations upon the program presented, it was considered expedient to reduce the total sum of the budget and make certain modifications in the sections included in it; and

In order to maintain an equilibrium within the budget proposal, there should be adjustments through reduction in the three parts which comprise the proposal; and

Such reductions would not impede the normal and progressive development of the specific functions of the bureau;

THE EXECUTIVE COMMITTEE,

RESOLVES:

1. To propose to the Directing Council of the Pan American Sanitary Organization in its Fourth Meeting the approval of a net budget in the amount of $1,943,681.00 (currency of the United States of America) for the calendar year 1951, the budget consisting of the following headings:

<table>

2. To instruct the Director of the Pan American Sanitary Bureau to send to the Member Countries of the Pan American Sanitary Organization the detailed Proposed Program and Budget as has been approved by the Executive Committee.

II. BUDGET FINANCING FUND

WHEREAS:

The Executive Committee holds that budgets approved by the Conference or the Directing Council represent the decision of these directing bodies as to the type and extent of programs for specific years, and the Director of the Bureau is accountable for carrying out these decisions; and

It is a proper function of the Conference or Directing Council to determine the principles upon which such a fund would be formed and administered;

THE EXECUTIVE COMMITTEE,

RESOLVES:

1. To recommend to the Conference the creation of an adequate fund to finance the Bureau during periods of delay in quota payments;
